

EHRS Money Frequently Asked Questions

EHRS is a synagogue, community and charity that has over 3,000 members and is one of the largest reform synagogues in the country. This frequently asked questions document aims to explain the financial aspect of membership.

Where does the money go?

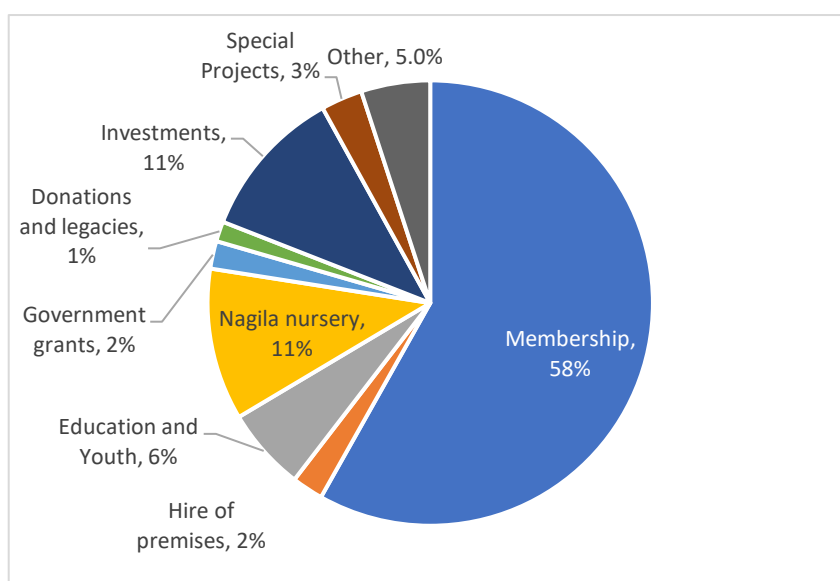

The money is spent on providing the services that members and the wider community rely upon as well as maintaining and improving the facilities.

The chart to the right shows how the funds are distributed and full accounts with the detail are available if required.

Where does the money come from?

As you can see from the chart the majority of the income is from membership fees. We are always looking for other income streams but we fundamentally rely on membership fees.

EHRS Money Frequently Asked Questions

Family membership for higher rate taxpayers	£1,196
Single membership for standard rate taxpayers	£598
Single membership for higher rate taxpayers	£734

N.B. The EHRS lottery is drawn each month for a chance to win £250

It is free to go to services, why do I have to pay?

Everyone is welcome to Shabbat and other services, however being a member of EHRS is far more than being able to walk into the building. Being a member of EHRS represents membership of the community where your financial contribution supports the vital work that takes place. All of the welfare, education, youth, pastoral, social, charitable and of course religious activities could not take place without a properly funded community and your contribution is vital to that.

What are the fees for Religious Education?

The religious education of member's children is at OROT our Cheder on a Sunday morning and is subsidised by membership income. However, there is an additional contribution, currently £160 to cover materials. There is also a charge of £700 once a child enters into the Bar/Bat Mitzvah programme which includes extra tuition, one to one work with an appointed tutor, a residential trip away and the actual Bar/Bat Mitzvah Service.

Am I entitled to a reduced rate?

We understand that everyone's personal financial situation is different however we recognise that many younger adults in our community are often; starting their careers, settling down, trying to buy a home, raise young children, etc and the full rate of membership may be a stretch too far. Therefore, as standard we provide a sliding scale from £90 at the age of 21 to the full membership rate at 35.

What if I can't afford the membership fees?

As a caring community we understand that for many people the standard fee rate is genuinely too much to afford and therefore we will never make the fees a barrier to joining or remaining with our community. All that we ask is that communication is maintained and as issues arise these are discussed in confidence. Equally we ask that if members pay at a reduced rate and their situation changes so that they can afford more or the full rate, this is communicated.
